CONTEMPORARY AND TRADITIONAL ELEMENTS COMBINE TO CREATE THESE VIVID INTERIORS

INTERIOR DESIGN Korn Interior Design, Inc., Aventura, FL 954.520.3182
PHOTOGRAPHY Claudio Meszel, Miami, FL

LILIANA KORN, a renowned Argentinean architect and interior designer with 29 years of experience, recently opened her South Florida studio in Aventura. Prior to this opening, Korn Interior Design, Inc. specialized in personalized, turnkey architectural and interior design services for high-profile international clients. Her work is appreciated in many private residences in Buenos Aires, the South of France and South Florida — including several residences for tennis player Gabriela Sabatini and her family. With her knack for understanding a variety of design techniques, Korn is equally well-versed in European minimalist or traditional styles. She summarizes her design philosophy with these words: "The greatest reward is to have a client say that the home we have created is easy for them to live in, and that it meets all of their expectations. Above all, our principal objective is to create homes in which people can function easily and be proud to own."

VIBRANT LUXURY

FACING ABOVE & BELOW: In the bar area, natural beech wood and chrome barstools complement the travertine stone wall, while a "drop" ceiling provides a monochromatic interplay of textures.

ABOVE: In the dining room, plush crimson velvet upholstery and polished mahogany are accented by a Murano crystal chandelier.

TOP OF PAGE: Giorgio Saporiti's "Rialto" sectional works with Capellini "Sunset" swivel chairs to capitalize on the living room's ocean views.
